

Season 24/25 - Newsletter 6

That was a pro-longed round, not sure we've had one spread over 5 days before. I got to catch up with quite a few of you this weekend, some the first time face to face (LOL) There's a lot of talk about perhaps having a catch up and, I will, see if I can get something arranged for early in the New Year..... We'll see if we can coincide it with some LIVE points going on in a Round (Remember to give me a Thumbs Up if you'd be interested)

Good to see the 'Old Dinosaur' getting a couple tonight in his 100th game for England..... Seriously has there been a better England forward

After this round of 12, Tumbledwyer have stayed top, Lard Lovers XI have moved up a place into second, pushing GraniteCity Fox back into third.

Canada Knows Best move up a couple of spots to 4th, above Chelsea Hawks in 5th.

A shout out to the top team this round, who have also moved up 11 places in the table.

I Did Warne You have thrown together a few rounds of being near the top, and actually top this one. Their first round saw them get all 12 results wrong, and score -40.89 (that's MINUS 40.89).

Credit where's credit due to give us all that big a headstart.

2 T'Wire, runner up the last two seasons, have found some form, and Canada Knows Best weren't far behind.

Not sure I've ever seen the top three in a round all have a wrong banker in their guesswork before.

You can see how you did on the Guesswork page, and a copy will be stored in the archive on the website, so once the round is closed, then copies of how you did in every round can be found there.

Top of the Picks this time round were last season's winner Racing Todabogs. It was a reduced Picks round due to the Internationals, with the majority of the points coming from the National League Picks.

Back to a full on round of Picks over the weekend, and then next week between Rd6 & Rd7 when the midweek will see cup games adding points, aim I the only one that finds it mildly amusing that Arsenal's first Champions League game this season, is on a Thursday Night LOL....

The top two have swapped places, as have 3rd and 4th.

Last season's winners climbed 16 places in the Picks over Rd6, when the points on offer were restricted by the number of games being played. There were no player points this weekend.

On the website on the All The Tables page, there's data on the top players across the English top 5 tables, across Europe, across the cups, and the top Fantasy Manager.

Positions are decided by Pure Points, which is why the points won in the league above, are different to the points totals won

here.

I Did Warne You topped this as well as the Round overall, they took top spot on the podium and the 25 points on offer. They've 3 finishes in the top ten and points, from the 5 rounds so far, as do the Leader, TumbleDwyer on 62 points, and Lard Lovers XI in 3rd on 37 points.

A few other Round 5 things to note.

No changes in the Perpetual Premier League Table (there were no games)

In The Fans League Wolves have hit top spot, they were trailing to Aston Villa Fans (through their first goal of the season), but 2 England goals turned that game around, to a 2-1 win, and they are clear leaders. Derby are the only Fans not to lose, after beating Watford 4-3, Bristol Rovers beat Chelsea 2-1 and Tottenham Fans had their first win of the season, 3-0 over, yep... Arsenal....

Round 6 is live on the website. I will reset the Dash in the morning.

The Deadline for RD6 is Friday at 9PM. That's 9PM UK time... Friday, the 13th, 21:00, UK Time.

Friday.

I will chase you, possibly more than once.... You know I will
